

How to generate report on Department of Family Medicine publications:

1. Use any web browser and go to <https://dfm-publications-report.streamlit.app/>

The screenshot shows a web browser window with the URL <https://dfm-publications-report.streamlit.app/>. The page features the UC San Diego Health logo and the title "Department of Family Medicine Publications Report". Below the title, there are two dropdown menus: "Select faculty members for report." (currently set to "All") and "Report on: All". Below these, there is a "Select year of publication." dropdown menu (currently set to "2026") and a "Report year: 2026" label. At the bottom, there are two buttons: "Create report" and "Go to Help Page".

2. Select faculty member (or all faculty members)

This screenshot is identical to the previous one, but with a blue arrow pointing to the "Select faculty members for report." dropdown menu. The arrow is labeled "Select faculty member(s)".

3. Select year of publication
